

Harbor Valley

HEALTH & REHABILITATION

Date: 06-08-2020

Dear Residents and Families:

This letter is to continue to update you on a weekly basis of the current status of COVID-19 positive test results at the facility.

As you have already been made aware, we had 1 employee to test positive for COVID-19. That employee will not be allowed to return to work until he/she is cleared to return by the Texas Department of Health. At this time, there have been no further positive test results at Harbor Valley for residents or employees.

We will continue to make personal phone calls when a resident or staff member initially test positive for COVID-19, or three or more residents or staff with new-onset of respiratory symptoms occur within 72 hours of each other. In that event, we will provide weekly updates via our website at <https://www.harborvalleyhr.com>. Here, you click on the link **COVID-19 Updates**, and will see a list of the updates we have given, with the most recent at the top. We will continue to make weekly updates, as it relates to our positive COVID-19 cases, until resolution.

Below are actions the facility continues to take, to stop any spread of the virus and changes to normal facility operations:

- We have educated our staff and residents about COVID-19, as well as the importance of handwashing and good cough hygiene.
- We have emphasized appropriate personal protective equipment usage
- We are electronically tracking inventory levels daily.
- We are ensuring that residents have the tools they need to wash hands.
- We are screening all employees before they come to work.
- We are screening all residents each shift.
- We are screening all new admissions to the facility.
- We have restricted visitors, except for extreme circumstances.
- We have stopped social gatherings in traditional settings.
- We have stopped communal dining.
- We are communicating with the physician and/or Department of Health on any resident who may need to be tested.
- We are asking our residents to cover their mouths when receiving care per CDC guidance.
- Staff are wearing masks.

Please continue to schedule Facetime visitation with your loved one. They would love to be able to connect with you and we have times and dates available.

Please feel free to call your administrator if you have any questions, concerns or ideas. We are spending all day, every day, working to keep you and your family safe.

Kip Kruger, Administrator
